OUR OTHER PROJECTS

FROM THE HOUSE OF ASBL

At ASBL (Ashoka Builders India Pvt Ltd), we're redefining real estate by creating homes that blend innovation, quality, and contemporary living. Since our inception, we've carved a niche in construction technology, and people centric design.

With a vision to break away from traditional real estate, we're focused on building homes that inspire and elevate everyday life.

With ASBL Broadway, our vision was to bring the dynamic street energy of cities like Manhattan into the heart of Hyderabad's skyline. It's a celebration of downtown living spacious homes, a prime location, and next-gen amenities that blend practical luxury with active, modern lifestyles.

I believe the glass facades will reflect not just sunlight, but the vibrant spirit of our city, while the green, stacked clubhouse creates a welcoming space for a forward-thinking, connected community
